

Using the TV

PLEASE NOTE - There is currently no terrestrial TV available using the digital box.

We recommend you use the Amazon Fire Stick for any films/series, or to log into your favourite streaming services.

1. Turn on the TV using the TV remote. This should go straight to use the Amazon fire stick but if not, please use this remote to SELECT INPUT - AV - HDMI 2
2. Now only use the Amazon remote to navigate to your chosen streaming service, or to select viewing
3. To access free viewing using the fire stick, locate the  icon on the home screen and you can watch all movies and tv series here without a log in.
4. Use the TV remote to turn the TV off once you have finished

Using the DVD

1. Turn on the TV using the TV remote.
2. Turn on the DVD using the DVD remote.
3. The TV should automatically switch to DVD so put in the disc and play!
4. If for any reason this doesn't happen, use the tv remote to SELECT INPUT - AV - AV1 to connect the TV to DVD.
5. Use the TV remote to turn the TV off once you have finished.
